

THE SOLUTION

Meet Lendify

Lendify is a modern, web-based loan management system built for money lenders.

It helps you:

- Issue and manage loans easily
- Track repayments and balances in real time
- Automatically calculate interest and penalties
- Send SMS reminders to borrowers
- Generate accurate reports

All in one simple and secure system

THE PROBLEM

Are You Facing These Challenges?

- 1 You forget who has paid and who hasn't.
- 2 Your loan records get lost or disorganized.
- 3 Calculating interest and penalties is stressful.
- 4 Borrowers delay payments without follow-up.
- 5 You don't know whether you are making profits or not.

Manual records leads to confusion, losses, and missed opportunities.
